

Facetime & Skype Plastic Surgery Consultations

with Refine Plastic Surgeons

We offer consultations via Facetime and Skype to patients interested in plastic surgery at Refine Plastic Surgeons.

We offer this service as a tool to help you understand **how plastic surgery can help you** without the inconvenience of having to travel for a consultation.

The initial consultation lasts a **maximum of 30 minutes**, during which one of our surgeons will talk to you about:

- Why you want to have plastic surgery
- Your specific needs and goals
- Your apprehensions about surgery

Initial consultations are priced at £150, payable in advance. Follow-up consultations last 15 minutes and are free of charge.
